Toys and Hair Color

Families, we need your assistance. Students should not come to school with toys such as Pokemon cards, electronics, etc. We cannot be responsible for these items if they are lost, stolen or broken at school. We ask that all toy like items remain at home. Students should not trade items on the bus, playground, or any other location on the school grounds. We also ask that you not send your child to school with his/her hair colored in any way. This proves to be a distraction in the classroom. Thank you for your assistance with toys at school and colored hair.

PLEASE REMEMBER – THERE IS NO SCHOOL FOR STUDENTS ON FRIDAY, FEBRUARY 17 OR MONDAY, FEBRUARY 20.

Your Learning Leader,

Mrs. Hemingway

SUMMER MARINE SCIENCE PROGRAM

Applications for the summer Marine Science Program were passed out at all schools during the week of February 13th. Applications were due back to science teachers by February 28th. Applications can still be downloaded at any time from the website prior to April 15th at <http://www-grms.stjohns.k12.fl.us/> and click on the Marine Science link. The link also will have a complete day-by-day curriculum for each grade level, parent information, and a video from last year's program.

This summer program is available to all students currently in grades five through seven and has been sponsored by the school district since 1982. Three eight day sessions are held at Gamble Rogers Middle School with bus transportation provided. The dates for the three sessions this summer will be May 30th through June 8th, June 12th through June 22nd, and June 26th through July 7th. Small classes of 12-14 students are separated by grade level. All instructors in the program are St. Johns County School District teachers.

The Marine Science Program is a carefully designed experience for responsible students who are interested in learning about our local marine environments. Learning is "hands on" in the field with students kayaking, canoeing, boating, hiking, snorkeling, sailing, windsurfing, surfing, SUP, (stand up paddleboarding), etc. Specific grade level activities and curriculum are attached to the applications and are also available from the website.

More information about the program is available by emailing marinescience@stjohns.k12.fl.us.
